Library

NEW ARRIVALS

(New Books Added to IIST Library on 06.02.2026)

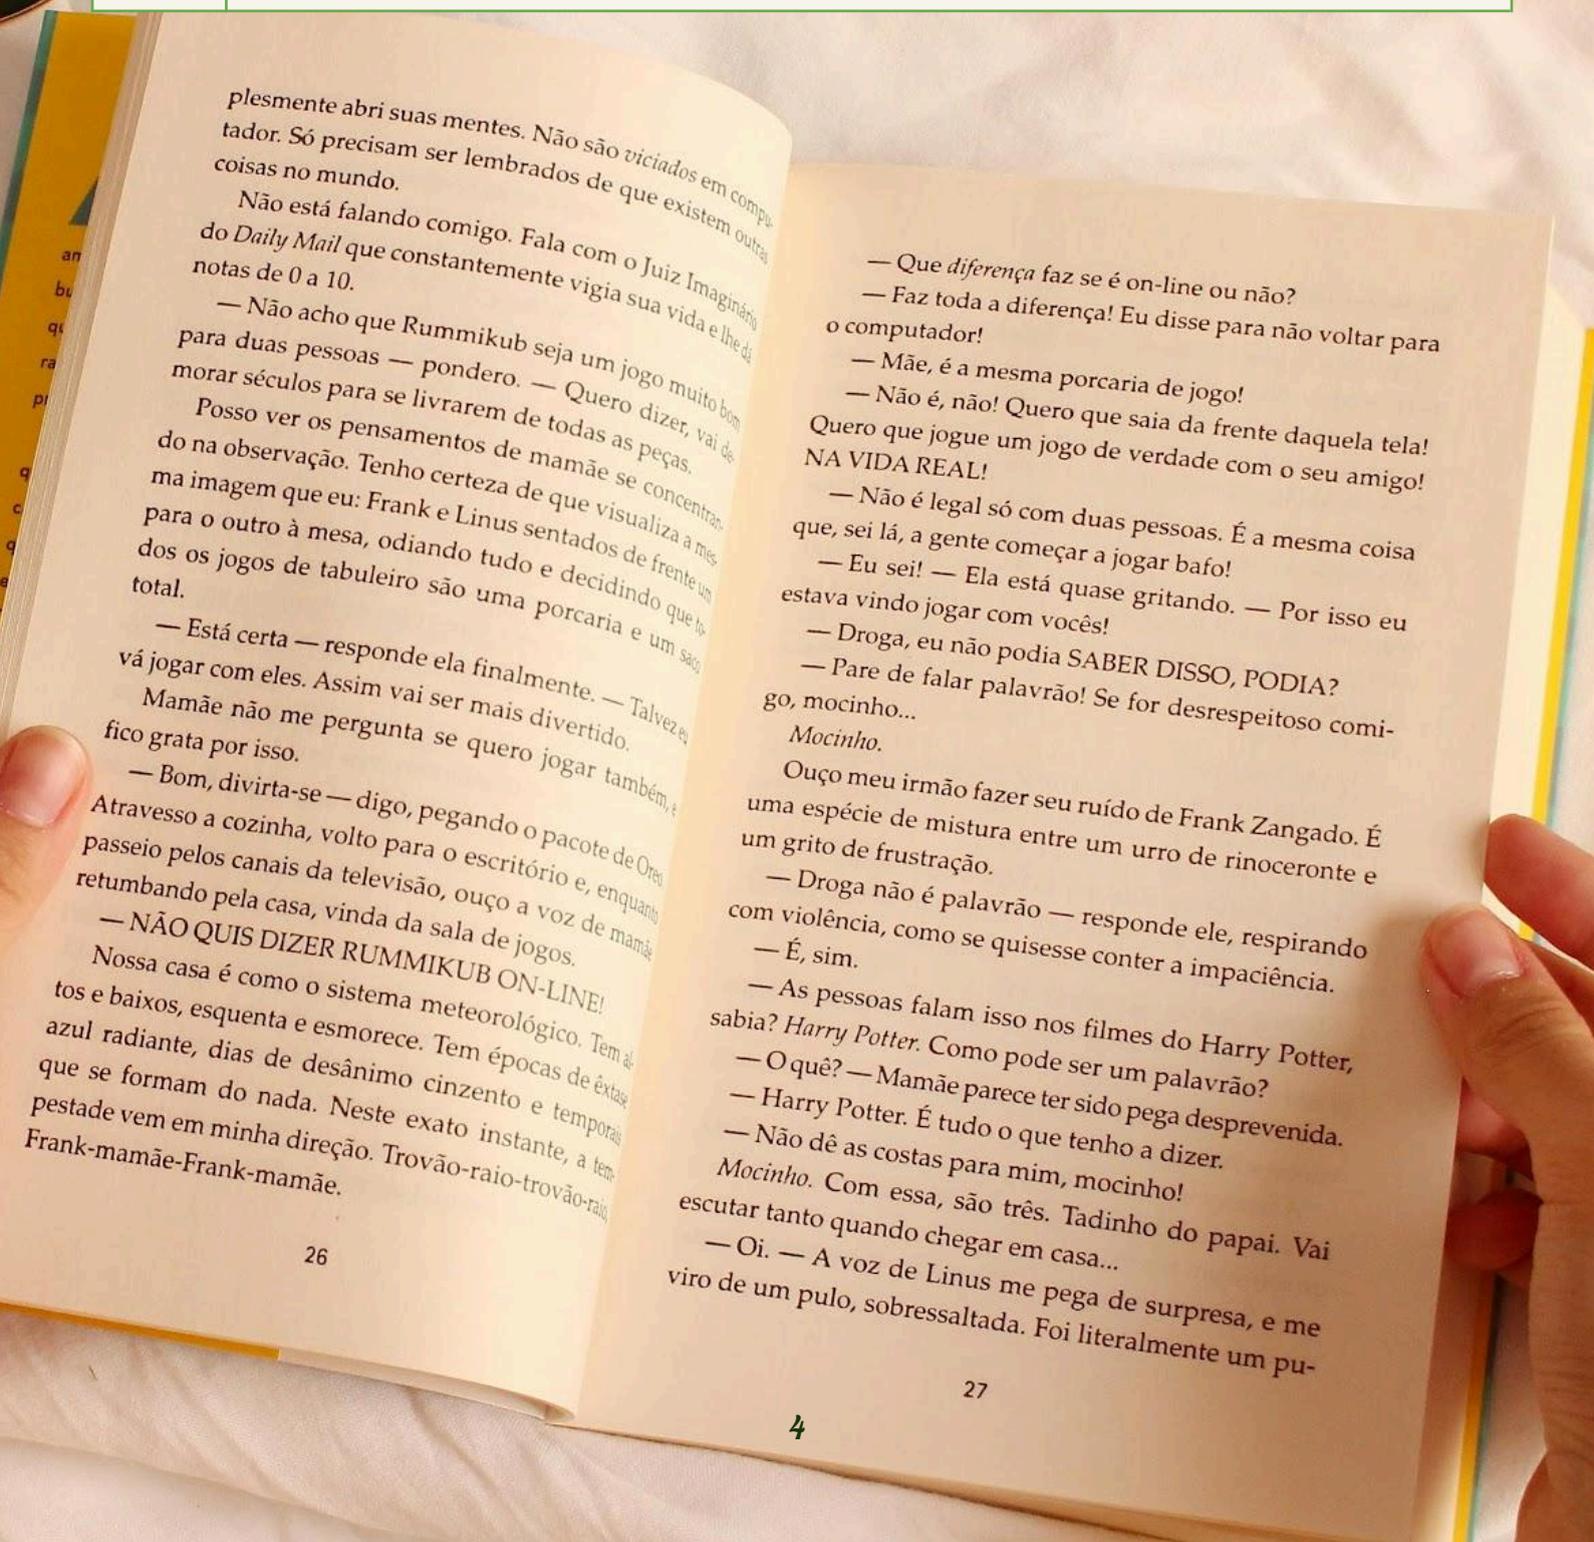

CONTENTS

Sl. No.	Subject
1	Aerospace Engineering <ul style="list-style-type: none">➤ Trajectories of launch and reentry systems
2	Arts and Games <ul style="list-style-type: none">➤ Life and games of Mikhail Tal➤ Mammoth book of the world's greatest chess games➤ Most exciting chess games ever➤ Most instructive games of chess ever played➤ Re-engineering the chess classics➤ Tune your chess tactics antenna
3	Business Management <ul style="list-style-type: none">➤ Get up and get on it➤ Product development and management body of knowledge➤ Quality and lean six sigma for engineering technicians➤ Six sigma and quality concepts for industrial engineers➤ Decision analysis through modeling and game theory➤ Project management for healthcare➤ Strategic corporate social responsibility
4	Computer Science and Engineering <ul style="list-style-type: none">➤ 3D data science with Python➤ Artificial intelligence and machine learning➤ Artificial intelligence and the city➤ Building generative AI powered apps➤ Coding android apps➤ Fundamentals of robotics➤ Information-driven machine learning➤ Mastering MySQL administration➤ Programming with GitHub copilot➤ Scalable AI and design patterns

Sl. No.	Subject
	<ul style="list-style-type: none"> ➤ Software architectures
5	<p>Electrical and Electronics Engineering</p> <ul style="list-style-type: none"> ➤ Axial flux permanent magnet brushless machines ➤ Digital signal processing ➤ Mechanics of sheet metal forming
6	<p>Literature</p> <ul style="list-style-type: none"> ➤ Maa (Mother) / माँ (मदर) / देवेंद्र कुमार धोदावत
7	<p>Mathematics</p> <ul style="list-style-type: none"> ➤ Applied functional analysis ➤ Applied numerical methods for partial differential equations ➤ Classical and modern optimization techniques applied to control and modeling ➤ Complex analysis ➤ Functional analysis an introduction to metric spaces, hilbert spaces, and banach algebras ➤ Functional analysis introduction to further topics in analysis ➤ Functional analysis, sobolev spaces, and calculus of variations ➤ Fundamentals of real and complex analysis ➤ Geometric folding algorithms ➤ Graphs and digraphs ➤ How not to be wrong ➤ How to fold it ➤ Linear algebra in data science ➤ Linear and non-linear system theory ➤ Matrix algebra ➤ Numerical methods ➤ Numerical methods and analysis with mathematical modelling ➤ Ordinary differential equations with applications ➤ Probability and random processes ➤ Probability and stochastic processes ➤ Robust control system design

Sl. No.	Subject
	<ul style="list-style-type: none"> ➤ Simulating hamiltonian dynamics
8	<p>Chemical Technology and Metallurgy</p> <ul style="list-style-type: none"> ➤ Steels ➤ Titanium
9	<p>Philosophy</p> <ul style="list-style-type: none"> ➤ Man for himself
10	<p>Physics</p> <ul style="list-style-type: none"> ➤ Aerodynamics ➤ Elasticity ➤ Quantum field theory, as simply as possible ➤ Quantum theory of light ➤ Solid mechanics for undergraduates ➤ Unsteady aerodynamics
11	<p>Psychology</p> <ul style="list-style-type: none"> ➤ Anxious generation ➤ Self esteem ➤ Stumbling on happiness
12	<p>Social Science</p> <ul style="list-style-type: none"> ➤ 100 statistical tests ➤ Between Babasaheb and Mahatma ➤ Booms and depressions ➤ Cracked mirror ➤ Experience, caste, and the everyday social ➤ Fieldnotes ➤ Ghostly matters ➤ Global humanities approach to the United Nations' sustainable development goals ➤ Introduction to data analysis using IBM SPSS ➤ Introductory statistics

Sl. No.	Subject
	<ul style="list-style-type: none"> ➤ Lenses on reading ➤ Myth of money ➤ Practices of digital humanities in India ➤ Singular selves ➤ Social psychology ➤ Statistics for behavioural and social sciences ➤ Transforming waste management

plesmente abri suas mentes. Não são viciados em computador. Só precisam ser lembrados de que existem outras coisas no mundo.

Não está falando comigo. Fala com o Juiz Imaginário do *Daily Mail* que constantemente vigia sua vida e lhe dá notas de 0 a 10.

— Não acho que Rummikub seja um jogo muito bom para duas pessoas — pondero. — Quero dizer, vai demorar séculos para se livrarem de todas as peças.

Posso ver os pensamentos de mamãe se concentrando na observação. Tenho certeza de que visualiza a mesma imagem que eu: Frank e Linus sentados de frente um para o outro à mesa, odiando tudo e decidindo que todos os jogos de tabuleiro são uma porcaria e um saio total.

— Está certa — responde ela finalmente. — Talvez eu vá jogar com eles. Assim vai ser mais divertido.

Mamãe não me pergunta se quero jogar também, e fico grata por isso.

— Bom, divirta-se — digo, pegando o pacote de Oreos. Atravesso a cozinha, volto para o escritório e, enquanto passeio pelos canais da televisão, ouço a voz de mamãe retumbando pela casa, vinda da sala de jogos.

— NÃO QUIS DIZER RUMMIKUB ON-LINE!

Nossa casa é como o sistema meteorológico. Tem altos e baixos, esquentando e esfriando. Tem épocas de êxtase azul radiante, dias de desânimo cinzento e temporadas que se formam do nada. Neste exato instante, a tempestade vem em minha direção. Trovão-raio-trovão-raio-Frank-mamãe-Frank-mamãe.

— Que diferença faz se é on-line ou não?
— Faz toda a diferença! Eu disse para não voltar para o computador!

— Mãe, é a mesma porcaria de jogo!

— Não é, não! Quero que saia da frente daquela tela! Quero que jogue um jogo de verdade com o seu amigo! NA VIDA REAL!

— Não é legal só com duas pessoas. É a mesma coisa que, sei lá, a gente começar a jogar bafo!

— Eu sei! — Ela está quase gritando. — Por isso eu estava vindo jogar com vocês!

— Droga, eu não podia SABER DISSO, PODIA?

— Pare de falar palavrão! Se for desrespeitoso comigo, mocinho...

Mocinho.

Ouçó meu irmão fazer seu ruído de Frank Zangado. É uma espécie de mistura entre um urro de rinoceronte e um grito de frustração.

— Droga não é palavrão — responde ele, respirando com violência, como se quisesse conter a impaciência.

— É, sim.

— As pessoas falam isso nos filmes do Harry Potter, sabia? *Harry Potter*. Como pode ser um palavrão?

— O quê? — Mamãe parece ter sido pega desprevenida.

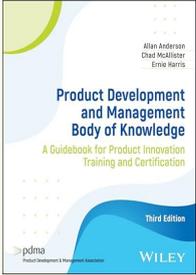

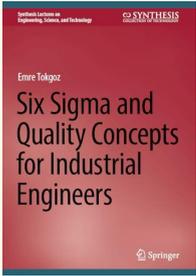

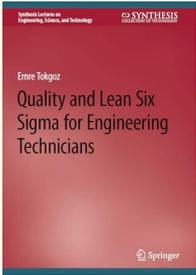

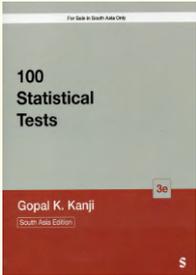

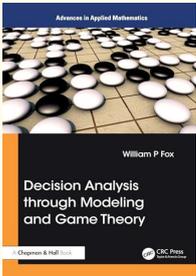

— *Harry Potter*. É tudo o que tenho a dizer.

— Não dê as costas para mim, mocinho!

Mocinho. Com essa, são três. Tadinho do papai. Vai escutar tanto quando chegar em casa...

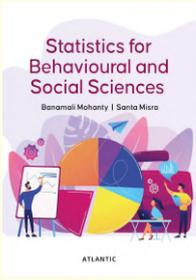

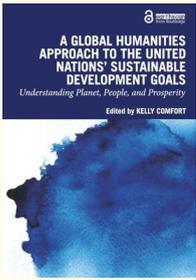

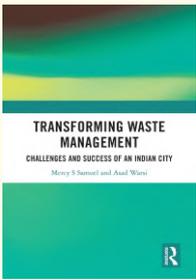

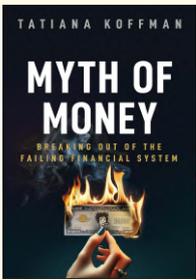

— Oi. — A voz de Linus me pega de surpresa, e me viro de um pulo, sobressaltada. Foi literalmente um pu-
