**Specific Comments from Students**

1. lecturer is very partial. He always discourage the students. hHe says that if someone fails in end sem then he will set the supplimentary course difficult.
2. instructor must be liberal in his attitude towards students. One of the best faculty in IIsT but needs to understand students a little more.
3. Faculty frightens the student his teaching methodology is good but he discourages the student. If he encourages the student the subject would become more interesting
4. voice of the instructor is very low and the classe is very uncomfortable when he swith off the fans
5. The best teacher i have ever come across in my carrier best way of teaching
6. vERY GOOD CLASS EXPECTING YOU TO TEACH IN COMING SEMESTER TOO SIR
7. VALUATION should be liberal constraint that we pass in the course only if we pass the end sem exam is not at all good.
8. helpless in your subject
9. very good teaching.i enjoyed studying thermo under you.
